ANGUS Herefords

Annual Bull Sale

Saturday

March 30, 2019

1:00 PM • Shamrock Livestock Market, O'Neill, NE

Teaming Up to Make Cross Breeding Easy

Dear Cattlemen,

We would like to welcome you to our annual bull sale along with Ernst Herefords at the Shamrock Livestock Market in O'Neill, Nebraska. This past year, including this winter has been extreme in many ways, yet we feel these bulls have performed very well under the conditions they endured. They were faced with the wet muddy spring to the bitter cold and snow this winter. They have proven to withstand a lot of stress and still gain well.

This year's offering is once again a stout, rugged and very docile set of bulls. Many of these bulls offer extra length and frame. These factors will equate into extra pounds at weaning time on your calf crop. As in the past, all of the bulls sell with genomically enhanced EPD's by Zoetis HD 50K to improve the accuracy of the EPD's, making your genetic decisions more accurate for the diverse needs of your operation. All of the bulls have also been parent verified.

We would be honored to have you appraise our bulls and see how they might help your operation be more profitable. We feel you will like what you see.

The bulls will be at Shamrock Livestock by late afternoon on Thursday, March 28 or feel free to come to our farm anytime prior to our sale. We would love to visit with you as our goal is to help you, the customer, put pounds on your next calf crop and more money in your pocket.

Make plans to attend our sale beginning at 1:00 PM on March 30. Come early to visit and a complimentary lunch starting at 11:30.

Thank you for your business,

Rex and Tracy Pfaff

Welcome Cattlemen and Cattlewomen,

It's hard to believe another year has passed and we are only a few days away from our Annual Bull Sale! On behalf of Pfaff Angus and all of my family at Ernst Herefords we want to thank you for your interest in our bulls!

We are very pleased with the quality of the bulls we are offering in this sale. In addition to studying the sale catalog you can also view videos of both the Hereford and Angus bulls on our website, www.ernstherefords.com or by going to www.dvauction.com . Many of the bulls are designated as "heifer bulls" and you can find them by reading the footnotes. Additionally we have worked very hard at getting eye pigmentation into our herd. Most of the bulls have red around their eyes, are red necked and in many cases display red legs to the ground.

In our genetic selection of herd sires we strive to infuse traits that are of benefit to the commercial cattle industry. In addition to low birth weight we also have a good spread from low birth to weaning and yearling weights. Our bulls look like bulls should. Structurally sound , developed properly and designed genetically to cover more females and more acres. Big tops and thickness through the stifle that helps in carcass merit and growth. There is something for everyone in this offering.

Heterosis through the use of crossbreeding is an advantage ranchers can take advantage of. In partnering with Pfaff Angus we strive to provide quality Hereford and Angus bulls to use in crossbreeding programs. The Baldy female is considered by most ranchers to be the best and most reliable cow in the industry. Ask yourself how often have you heard anything but praise for the Baldy cow?

It has been a challenging weather year in Colorado as we are continuing to be in drought conditions on the east side of the Rocky Mountains and the front range. Quite a contrast to near record amounts of precipitation in many parts of Nebraska last summer. Both situations cause stress for us in the ranching business. The one constant is to help generate more income through crossbreeding cattle. Using Herefords and Angus are a great foundation for any crossbreeding program.

We hope you can join us March 30 at the Shamrock Auction Market in O'Neill, Nebraska. Please take a moment to introduce yourself as we always like to know our customers better! If you have any questions about the bulls feel free to contact any of us listed on the following page.

Sincerely,

Marshall & Barbara Ernst Family
Kevin & Courtney Ernst

For General Questions Please Contact Our Office:
(402) 316-5460 or support@dvauction.com

General Information:

Inspection of Cattle: The bulls can be viewed at the sale barn on Friday, March 30 or at the ranches at any time.

Terms & Conditions: Cash. Please settle for cattle promptly. All cattle sell according to the standard terms and conditions of the American Angus Association and the American Hereford Association.

Health: Interstate health papers will be furnished on all cattle selling.

Delivery: Free delivery within a 250 mile radius of O'Neill, NE and Greeley, CO. or a delivery rebate of $50 for each customer taken home sale day. The bulls will be delivered as soon as possible after sale date. Seller will assist on deliveries outside of the above delivery zones.

Retaining Interest: Sellers are retaining one-third revenue sharing semen interest in every bull selling in this sale. Full possession and full salvage sells on all bulls.

Guarantee: The sellers guarantee all bulls to be sound and fertile. The sellers reserve the right to test any animal that is returned to the farm as a non--breeder before making an adjustment. In the event of an adjustment, a replacement or a credit on the purchase of another animal will be made. Breeding season is defined as the 90-day period following first turnout of the bull. Please notify the sellers as soon as possible if an issue arises, prior to the bull in question being sold. All bulls need to be diagnosed by a veterinarian and claims made by September 1st. The sellers reserve the right to have bulls evaluated by a veterinarian of the sellers choice. This is not an insurance policy nor does it cover neglect or mis--management or death.

Liability: All persons attending this sale do so at their own risk, legal or otherwise for their safety or the behavior of the animals. The Owners assume no liability for property loss or any accidents that may occur.

Announcements: From the block will take precedence over the catalog.

Buyers unable to attend the sale:
Bid online at www.DVAuction.com. Please pre--register in advance of the sale date at this website.

Livestock Insurance: A representative from Martin-Trudeau Insurance will be on hand sale day to insure your purchases.

Lunch: Complimentary lunch sale day starting at 11:30am.

Storm Date: In the event of a storm delay, please listen for announcements on radio stations KBRX 102.9 FM and KWYR Radio 93.7 FM/1260AM, contact the sellers, sale representatives or you may also visit the website www.ernstherefords.com for an update. We will make every effort not to delay the sale, but also want our customers to have every opportunity to come to the sale and travel in a safe manner.

Herd Health:

Ernst Herd Health:
Our cows are vaccinated annually with Bova--Shield Gold. The calves get Vision 7 at birth, grass turnout and weaning. They are poured several times after weaning up until sale time. Injected with Bova Shield Gold in the fall as well. The bulls are fertility tested and BVD-PI tested negative. Feel free to contact our veterinarian, Wade Shoemaker, Countryside Vet Service, 970-351-7045 in Greeley, CO, if you have questions about our health program.

Pfaff Herd Health:
Our cows are vaccinated annually with Preg Guard 10. The calves are vaccinated with Alpha 7 and Enforce at birth. In the Spring at pasture turn out time they received Pyramid 5+ Presponse SQ and Vision 7 Somnus with Spur. In the fall, they received pre-weaning shots of Pyramid 5+ Response SQ and Vison 7 Somnus with Spur. At weaning the calves were vaccinated with Resvac 4/Somubec, poured with Normectrin and also received an injectable wormer. The bulls have passed a soundness exam. They have also been vaccinated with 2 shots of Fusogard (foot rot) and Anthrax, Vira Shield and poured with Clean Up. All of the bulls offered in the sale have had a negative BVD ear notch test. If you have any questions regarding herd health, please feel free to visit with us or contact our veterinarians at the Winner Animal Clinic in Winner, SD at (605) 842-1854.

Volume Discount

3 Bulls = $50 off gross purchase amount.
*For each additional bull purchased, an additional $50 off the gross purchase amount will be given.

1-800-450-3106

Bull Mortality & ASD Infertility Insurance

The coverage provides traditional, full mortality for death from natural causes or humane destruction as a result of a life-threatening injury. The endorsement for Accident, Sickness & Disease Infertility provides coverage in the event of permanent impotency, infertility or the bull's inability to naturally service cows as a result of an accident, sickness, or disease sustained during the policy.

XL CATLIN

Values: Not to exceed purchase price
Term: Renewable One-Year Policy Term for Bulls 6 Months - 7 years of age
Premium: $200 Minimum Premium Per Policy
Testing: All bulls must be tested, certified and listed in the official catalog of a herd sale
Mortality Payout: 100% of the value of the bull in the event of death or humane destruction as a result of a life-threatening injury.

Mortality Only Coverage: We offer mortality only coverage options for 91 days through 7 years of age. Available upon request: Ages 24 hrs to 10 years.
Semen Suitability: This endorsement can be added to Option 1 or Option 2 (above) and provides coverage in the event the bull semen will not freeze in liquid nitrogen.
Frozen Semen & Embryo: This endorsement can be added to Option 1 or Option 2 (above) and provides coverage for semen and embryos (coverage does not apply to tank/storage itself, only and embryos) in storage or transit.

Option 1:

Accident, Sickness & Disease (ASD) Infertility:
(Winter Freeze & Frostbite Covered)
80% of the value of the bull, less salvage value, in the event of permanent impotency, infertility or being incapable of serving females as a result of an accident, illness, or disease sustained during the policy.

Option 2:

Accident, Sickness & Disease (ASD) Infertility:
(Winter Freeze & Frostbite Covered)
100% of the value of the bull, less salvage value, in the event of permanent impotency, infertility or being incapable of serving females as a result of an accident, illness, or disease sustained during the policy.

Sire of Lots 43, 47, 50, 52, 55, 63-65

We bought an interest in Sensation the summer of 2014. By that following January we had a great amount of interest from Accelerated Genetics to lease from us the semen selling rights. We agreed to make that lease agreement and his semen sales have exploded! He has been the high volume selling Hereford bull in Accelerated's bull battery for both 2016 and 2017. It's easy to see why when you study his EPD's where he is a proven trait leader in 11 measured Hereford traits. Sensation is in the upper 2% of the breed for Calving Ease, Birth Weight, Milk, Milk and Growth, Rib Eye Area and Certified Hereford Beef Index! In addition the bull is so powerful from end to end, moves like a cat and is super prolific. He carries a negative birth weight EPD of -1.6. But when you see his sons we are offering you will see that a low birth bull can still produce bulls that look like bulls and are packed with muscle and growth. His females are now in production and look to be the real deal. Take this opportunity to own a son of one of the truly great Hereford sires of our time! Owned with Upstream Ranch and Valley Creek Ranch.

Sire of Lots 53, 60, 67

33D is our Junior Herd sire that will be used heavily this breeding season. An outstanding son of 936 and out of a great young Shaw bred cow with a beautiful udder, short marked and pigmented, this bull has a lot to offer. Check out his EPD's. Upper 10% of the breed for ten measured traits and in the upper 5% for CE Direct! Contact us for semen or SEK Genetics will also be offering semen. Actual weight at 11 months of age was 1225#.

Stand out with Proven Genetics

THE HEREFORD ADVANTAGE PROGRAM

Increase added market power and brand recognition with feeder cattle sired by a Hereford bull battery ranking in the top 50% for CHB$ index.

$CHB

PROGRAM BENEFITS:

- EPD ranking summary
- Added market exposure
- Genetic improvement tool
- Access to AHA resources
- Get started at HerefordFeederCattle.com

"The Hereford Advantage program helps us to focus on providing the best quality genetics that we can possibly provide to our customers - the cattle feeder. We try to select bulls who will sire calves that will excel in the feed yard."

-NANCY BOWLING
BOWLING RANCH, NEWKIRK, OKLA.

Certified Hereford Beef Index(CHB$) is a terminal sire index that is built on a production system where Hereford bulls are used on Angus-based cows with a focus on feedlot performance and end-product merit. To qualify for the Hereford Advantage program, cattle must be sired by registered Hereford bulls with transferred ownership, and the Hereford bull battery must have a CHB$ value ranking in the top 50%.

Heifer bull with strong calving ease and maternal characteristics. Really stylish and long necked. Excellent leg and hip demonstrating that extra length that equates to pounds at weaning time. Front pasture bull.

Baby shower for Kevin and Courtney. They are expecting a little girl in April.
